(Osservazioni)

See Work Report N° 65374224 (NR. DOC 30001105335) for full details of work carried out; reference to IETP AW139 issue 36 dated 30-01-2020 ,update 27-02-2020.

The work identified in Block 11 and described herein has been accomplished in accordance with 14CFR Part 43 and in respect to that work, the items are approved for return to service under Certificate No. U3GY111D.

13a. Certificates that the items identified above were manufactured in conformity to:
(Certifica che i prodotti sopra identificati sono fabbricati in conformità a:)

☐ **approved design data and are in condition for safe operation**
(I dati di progettazione approvati sono in condizioni idonee a garantire la sicurezza di funzionamento)

☐ **non-approved design data specified in block 12**
(Dati di progettazione non approvati specificati nel riquadro 12)

14a. ☒ **Part 145.A.50 Release to Service** *(Parte 145.A.50 Immissione in servizio)* ☒ **Other regulation specified in block 12** *(Altro regolamento specificato al riquadro 12)*

Certifies that unless otherwise specified in block 12, the work identified in block 11 and described in block 12, was accomplished in accordance with PART 145 and in respect to that work the items are considered ready for release to service.

Certifica che, se non diversamente specificato nel riquadro 12, gli interventi individuati nel riquadro 11 e descritti nel riquadro 12 sono stati realizzati in conformità con i requisiti della PARTE 145 e che, in riferimento a tali interventi, il componente è considerato pronto per la riammissione in servizio.

USER / INSTALLER RESPONSIBILITIES

This certificate does not automatically constitute authority to install the item(s).

Where the user / installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1, it is essential that the user / installer ensures that his / her airworthiness authority accepts items from the airworthiness authority specified in block 1.

Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user / installer before the aircraft may be flown.

USER / INSTALLER RESPONSIBILITIES

This certificate does not automatically constitute authority to install the item(s).

Where the user / installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1, it is essential that the user / installer ensures that his / her airworthiness authority accepts items from the airworthiness authority specified in block 1.

Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the user / installer before the aircraft may be flown.

USER/INSTALLER RESPONSIBILITIES

° This certificate does not automatically constitute authority to install the item(s)

° Where the user / installer performs work in accordance with regulations of an airworthiness authority different than the airworthiness authority specified in block 1 , it is essential that the user / installer ensures that his / her airworthiness authority accepts items from the airworthiness authority specified in block 1.

° Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with national regulations by the user/installer before the aircraft may be flown.
