HOBBS: 899.37

- Condition Inspection Due** – Prepared aircraft for inspection. Removed inspection panels. Inspected and lubed all flight controls as required. Inspected wheel assemblies and tires. Removed gascolator and cleaned. No defects noted. Installed gascolator and safetied thumb screw. Checked all flight control limits and all within limits. Checked landing gear areas for defects, no defects found at this time. Performed operational check of radios and avionics, and all systems operated normal at this time. Inspected airframe areas for composite damage and delamination. No defects found. All work done in reference to Allegro 2000 Check and Maintenance Manual and in IAW FAR 43.9 and in reference to FAR 43.9 appendix D.
- ELT Inspection Due** – Performed test and inspected the Ameri-King Corp ELT System Model No. AK-450, S/N: 475515 in this aircraft. Tested and inspected according to Aircraft and ELT manufactures instructions and applicable FAA guidance and found it meets the requirements of FAR 91.207 (d). Replaced batteries with new Duracell MN1300. Next battery due at March 2024.
- Service Gascolator** – Removed gascolator drained. Cleaned and inspected, no defects found. Re-installed with new packing. Safetied and torqued to manufactures specifications.

12/15/17	751.2		751.2	ALLEGRO WING REPAIR FOR N4355V – completed on 12/15/2017 - LSA America, Inc. 252-581-1200 Aircraft had right wing damaged at wingtip leading edge and impact had rippled top and bottom skin at wing root. Wing was removed from the aircraft and upon opening and inspection, rear spar was also damaged, along with two root ribs and both outer wingtip ribs. All ribs were replaced as well as rear spar. New aluminum (.020 4020 aluminum) was used to replace rippled root aluminum. All aluminum was primed inside and out prior to installation. Wingtip leading edge was tapped back out and body filler used to smooth surface. No structural damage was done to the wingtip leading edge, cosmetic only. All new surfaces were painted to match existing wing color. Wing was re-attached to aircraft and aircraft was test flown. Aircraft in condition for safe flight. LSA America, Inc. 20-5919040
